Forecast for Tuesday 28 May 2024

Weather: A largely dry and bright morning but cloud thickening. Outbreaks of rain will spread northeast across all ranges during the afternoon. The rain becomes lighter and dies out during the evening.

Chance of cloud-free hill tops above 800m: 80% becoming 30%, best chance north and east of the Cairngorms.

Low cloud and visibility: Good visibility in the morning then becoming poor at times in the afternoon as rain spreads northeast. Cloud becoming extensive above 600m in the west but mainly above 800 or 900m over the Cairngorms.
